DETAILED ACTION

Election/Restrictions

- 1. Applicant's election with traverse of claims 1-9 and 15-20 in the reply filed on 08/19/04 is acknowledged. The traversal is on the ground(s) that the burden on the PTO to do two searches would not place an undue burden on the PTO. This is not found persuasive because the inventions are distinct. In light of the amendments made by the Applicants only claims 1-9 are examined and claims 10-21 are withdrawn from consideration. The Applicants are left with the following two options:
 - a. Option 1. In claim 10 add the limitation "wherein the supported activator is in a mineral oil." Combine claims 15 and 20. If desired, refile present claims 10-21 as a continuation.
 - b. Option 2. Cancel claims 10-21 and refile as a continuation.

The Applicants have a one month shortened time period to respond.

2. The requirement is still deemed proper and is therefore made FINAL.
